Week one of finals in Div 1 men proved that at this time of year, anything can happen. As a group we know to take it game by game, week by week and this Saturday will be a very tough game. Warrnambool aren't the reigning champions for no reason. This season we have had 2 very good contests with the Seahawks and both groups have been missing key players at each game. We know if we can play positive at both ends of the floor we should be able to walk out on top. Blount and Gynes will be two players for us to watch, but I have total faith in our defence to keep them to respectable scores. Best of luck to both teams. This is what we all play for.

What a thrill it is for our young group to make the final four, making it is one thing winning is another and that's exactly what we intend to do. Massive shout out to Geelong who like us were the underdogs and for them to beat Blackburn just goes to show how good they really are and with some of the best 3 point shooters in the league we know our job is going to be tough. Again having Standerfer & Brassier makes you feel pretty confident as a coach but its also the lesser name players who are now making their mark in this team and I see us giving our supporters true hope of going one more week.

Graham Byworth (Geelong)

Congratulations have to go to Chelsea on a fantastic last quarter to progress against Melbourne Uni. We are going to have our work cut out for us with Corey Stander, Matt Brassier and others but I am sure we have defenders capable and ready for the task. Our guys played fantastic defense last weekend versus Blackburn and stuck to the game plan even after giving up a 48 pt first half. Im sure this is going to be hotly contested, especially after our regular season game that went into overtime.
