

After a shock loss last round the Mermaids hit the road again as they head across town to take on Blackburn out at Boronia, after being undefeated for their first 16 matches Warrnambool let their guard down a bit too much, unfortunately for Blackburn they will probably be the ones that cop the full force of the Mermaids as they would be wanting to redeem themselves this week.

Wallan are back at the winners table & plan to stay there, but Melbourne Uni won't be letting them off too easy. Melbourne Uni have been getting tougher & tougher as we gone on & they have quietly been creeping into the top 4, with it being so close between 2nd and 5th place every win matters from here on out so Melbourne Uni will be wanting to steal one out from new comers Wallan who are holding onto 2nd place.

Coburg have been making waves in the past 4 weeks winning each match convincingly, & will be looking to continue that again this week as they open their doors to the Bushrangers. North East had a shocker last week & will be wanting to put that behind them by getting an upset win on the road against the Giants.

The Breakers would be still on cloud nine no doubt after taking down the undefeated Mermaids last week, with their confidence boosted they would be silly if they were to let their guard down this week as Altona come to town, they might be on the bottom of the ladder but that doesn't mean they are an easy win.

Keysborough are heading back to school as they travel to Collingwood College to play the lady All Stars, this matchup is a fight for 8th position Collingwood have the Cougars by 1 game but that could soon be 0 if they aren't careful. Collingwood need to get out of this rut they have found themselves in & find some strength to finish the season with that winning feeling in their systems.

In the Bushrangers second match of the round they head to the Nest to try and take down the Eagles, North East will be hoping to head home with 2 wins under their belt but it won't be easy. Craigieburn have had a very mixed few weeks however they shone bright against a very tough Melbourne Uni side last week so I'm sure the girls are still pumped from that win & will want to continue the winning feeling.
