(c) A player, who due to injury/illness fails to qualify for the Big V finals under Rule 5.5 (a) May apply in writing to Big V at least fourteen (14) days prior to the start of the finals for that division for permission to play in the finals.

Applications subsequent to that timeline may only request consideration of injury/illness, which has occurred within the fourteen (14) day period prior to the start of that division finals.

For all/any applications received and to be considered for approval for finals eligibility, players are required to have played 4 matches during the home and away season.

Note - If a player has still not played the required 4 matches at the stated closure deadline application time, but is intending to play over the final weeks of the season to meet the required minimum 4 matches, they must submit their application by the stated league deadline for it to be eligible to be considered for approval.

In considering any application the Competitions Manager shall have regard only to two criteria:

- 1) Whether the player is a bona-fide player for the team as indicated by the player being registered and assigned to the team prior to the date of injury/illness or commencement of the season;
 - 2) The validity of the injury or illness preventing the player from otherwise qualifying to play as indicated by submission of a medical certificate with dates the player was medically unfit to play from a suitably qualified medical practitioner.
- (d) If an Association is found to have played an ineligible player in any finals game that team will immediately forfeit that game. The matter will be referred to the Competitions Manager for further action as may be determined appropriate in circumstances, including but not limited to a fine, penalty, or forfeit final series.
